

IB Chemistry

Required Course Materials

- Lab fee: \$10 (Helps to defray the high cost of equipment and consumable chemicals)
- Loose leaf quadrille lined paper (recommended with reinforced edge)
- A home computer w/ internet access and a working printer
- A USB flash drive for saving lab data (No minimum capacity. It doesn't need to hold a lot.)
- A scientific calculator (TI-30XIIS works great)
- A binder or folder to hold class notes and materials. Organizational method is up to you.
